NATIONAL SPONSOR
PROGRAM

APRIL 2026 -MARCH 2027

● PARTNERSHIP IS THE WAY FORWARD— WE INVITE YOU TO JOIN US TODAY!

For forty years, we have stood alongside the limb loss and limb difference community — advocating, educating, supporting, and celebrating resilience at every stage of the journey. In 2026, we proudly mark this 40-year milestone and honor the progress made possible by the strength of our community and the dedication of our partners.

Through the National Limb Loss Resource Center®, we continue to provide trusted information, connection, and critical resources so individuals and families have the tools they need not just to live, but to thrive. This anniversary year is both a celebration of our history and a renewed commitment to the future.

Throughout 2026, we are elevating awareness nationwide through signature events, expanded programming, storytelling initiatives, and opportunities for engagement that spotlight the more than 5.6 million people in the United States living with limb loss or limb difference.

Through the National Sponsor Program, we invite mission-aligned partners like you to stand with us during this historic year. By working together, you can increase visibility for your services while directly supporting a community that relies on access, advocacy, and connection.

We hope you will find a way to join us as we celebrate forty years of impact and look ahead to the next chapter.

On behalf of our Board of Directors, volunteers, staff, and most importantly the limb loss and limb difference community we are honored to serve, thank you for your consideration and partnership.

Sincerely,
The Amputee Coalition

● THE AMPUTEE COALITION

At the Amputee Coalition, we're more than an organization—we're a community, a lifeline, and a source of strength for **over 5.6 million Americans** with limb loss and limb difference. We proudly serve:

- **Individuals and children who have limb loss or limb difference.**
- **Those who have, are going through, or considering an amputation.**
- **Military service members and Veterans.**
- **Caregivers, family members, and supporters.**
- **Advocates and community leaders.**
- **Healthcare professionals and community partners.**
- **Organizations working to improve the lives of those with limb loss and limb difference.**

For four decades, we've been committed to ensuring that every person who has limb loss or limb difference has access to the critical tools they need to move forward with confidence. From peer support to volunteer research opportunities to youth programming and camp to National Conference, Amputee Coalition offers a wide range of programs to empower, educate, and connect the limb loss and limb difference community with the right resources.

THRIVING TOGETHER: Stories and Strength from the Amputee Community

Each day, the Amputee Coalition works to advance advocacy, connection, and opportunity so that no one navigates limb loss or limb difference in isolation. Through national initiatives, peer mentorship, educational programming, and community engagement, we foster meaningful support networks that amplify lived experiences, celebrate resilience, and empower individuals and families to move forward with confidence and possibility.

"I often return to the posts, discussion threads, and newsletters whenever I am facing something I do not quite know how to handle. Reading about how others are navigating similar challenges, not because they have to but because they choose to show up and share, reminds me that I am not alone. Their honesty, resilience, and willingness to support one another inspire me to keep pushing forward and fighting the good fight." ~ Amanda

"I first connected with the Amputee Coalition through the National Limb Loss Resource Center and quickly experienced how comprehensive and life changing its support can be. Through my work in prosthetics, I began sharing Coalition resources with other amputees and went on to become a Certified Peer Visitor, attend my first National Conference, and build relationships with an inspiring network of advocates. In every interaction, I connect individuals and families to the Resource Center, inMotion magazine, the Community Digest, and peer support opportunities, knowing they will receive trusted information and encouragement. The Amputee Coalition has been the foundation of my advocacy, and I continue to amplify its mission locally." ~ Abby
